Hung out to dry
Not my concern
Lucky you're alive
Getting what you deserve
Carrying the scars for everyone to see
Carry a heavy heart to weak to face me

I can't believe I let you tell me what to do
I'm cutting off all ties with you we're done we're
through

We ended leading separate lives you took the wrong
path
I learned quick but you can't recognize mistakes in
your past
I recovered quickly and I never looked back
I learned about resilience something you don't have

I can't believe I let you tell me what to do
I'm cutting off all ties with you we're done we're
through
You gave me a stare and then you put me in my place
I've taken what you told me and thrown it back in your
face
