I, I've got the room upstairs from you  
It's a room without a view  
But all that could change if I just get through, up to you  
And I, keep my feelings to myself  
I've never reached for someone else  
But lately I'm thinking how cold I've been  
And now I begin to see that I should  
Dare to fall and with your help take down the walls

Strange but true, I think I've got a thing for you, yeah  
Strange but true, I've really got a thing for you, yeah

And so, here I am with no disguise  
You're not the only one who's surprised  
But something so simple could so long to be  
Can't you see that I'm possessed, they say attract  
It's just a typi-cal reaction

Strange but true, I think I've got a thing for you, yeah  
Strange but true, I've really got a thing for you, yeah

I ain't gonna look much further now  
And I ain't gonna try to reason how  
'Cause I know if this turns into love  
Strange but true, it's good enough

(Harmonica solo)

Maybe I should dare to fall  
And with your help take down these walls  
That I'm possessed, they say attract  
It's just a typi-cal reaction

Strange but true, I think I've got a thing for you, yeah  
Strange but true, I've really got a thing for you, yeah  
Strange but true, I think I've got a thing for you, yeah  
Strange but true, I've really got a thing for you, yeah  
Strange but true, I think I've got a thing for you, yeah

FADE:

Strange but true, I've really got a thing for you, yeah
