Your favorite dreamland, is kiss and tell You never listen, I told you So you think Im lying? Oh so now Im lying? So you think Im lying? it's all, goodbye my friend that's all I know So you think Im lying?Oh so now Im lying? So you think Im lying?Its all, goodbye my friend it's old, you're colder There's some dumbass talking shit Seriously I need some room to breathe You bring me down with the force and the sound of my body falling faster The cast is escaping the mold Do what your told and live the life of a bastard I can see the sun is heading out the room it's beating me too soonIt brings me down with it So you think Im happy? This is what I think of your f\*cking happy There's something you should see, somebody's gotta help me Help me
