

Timid "Cripple"

And I stand,
But barely
And I stare
Holding on with both hands
This can't prepare me
I should have listened.
Now I'm facing
What I took for granted
I'm frustrated because
It's too late
It hurts to say
Please don't be mad at me
I didn't know what I had done
I was drinking, I was sleepy
I've killed a loved one
Now I'm facing
What I took for granted
I'm frustrated because
It's too late
It hurts to say
Still determined to let it out
Isn't it funny how I could hear you
But my body wouldn't move
I'm too cripple to walk to you
Too cripple to talk to you
There was nothing left I could do
Into my memory
What's left of me I had to lose
It will be over soon
It will be over soon
I want to take it back
I give you my life in your place
But I couldn't move
It's too late
I swear it's too late
Still determined to let it out
Isn't it funny how I could hear you
But my body wouldn't move
I'm too cripple to walk to you
Too cripple to talk to you
There was nothing left I could do
I swear it's too late

It hurts to say
