When we were kids, you were not kidding when you said we would be old soon I should have acted sooner. it took forever when said. Procrastination kills the voices in the back of my head. Oh how I could listen, but I could never find time. Oh well, I fell behind. When things fell thru, what could I do? I missed the chance to make my move. I should have acted sooner. it took forever when said. Procrastination kills the voices in the back of my head. Oh how I could listen, but I could never find time. I know it's selfish and you have a life, but what about mine? I've got a family, I've got my kids to feed, I guess the jokes on me. I guess the joke is on me. I should have acted sooner. it took forever when said. Procrastination kills the voices in the back of my head. Oh how I could listen, but I could never find time. Oh well, I fell, I fell, I fell. I guess the joke is on me.
