"Blue Sunshine"

You think I'm a nut because of what I wear
You look so fucking mental when you look at my hair
Say I'm crazy really out of my mind
Cos I get all my kicks from blue sunshine

Can you look in to my eyes
If you do then it's your demise
I may be wrong well I may be right
When the sun shine's blue
I gotta kill tonight

Chorus
Blue sunshine blue sun
Blue sunshine blue sun

For what I get well I pay the price
Gave up my soul ain't got no right to be nice
I may be mad or I may be sane
When the sun shine's blue
I'm gonna kill again

Chorus

Well it's begun
