This worlds a boring place  
If you let it get you down  
To many sycophants  
And sheep just stumbling round  
Wheres all the power gone  
Wheres all the balls  
Whers all the crazy kats who used to fill our halls  
Too much pop has killed the head  
I Wont let it get me I'd rather be dead  
(I wanna )

Chorus

Fuck like a beast fight like an animal  
Fuck like a beast fight like an animal  
Fuck like a beast fight like an animal  
Fuck like a beast fight like an animal

Fuck all the discoteques  
Fuck all the politics  
Fuck them and they're pretty pretty pretty sounds  
I want some rock "n" rolll  
The kind they love to hate  
Not some kind of  
Techno masterbate  
I know your out there  
Make some noise  
Get pissed have some fun  
Were special girls and boys

Chorus

Bridge

They're trying to bury us underground  
My mouth is big enough I'll make sure were found

Chorus x4
