#### College 84

Charming eyes of green  
I can imagine you  
Naked in a dream  
And maybe weightless too

Pretty pound of flesh  
Stick to me like glue  
Watch you getting dressed  
I will devour you

I will, I will

I come on too strong  
You can do me right  
Because I do me wrong  
I come on too strong

Flaming locks of red  
Your body bruised and blue  
From falling out of bed  
With me on top of you

My pretty waste of time  
Your sock without a shoe  
But I will keep you in mind  
I will devour you

I will, I will

I come on too strong  
You can do me right  
Because I do me wrong  
I come on too strong
