"Goodbye Sad Songs"

Oh my! The world begins to shine.
Good nights turning out just fine.
They're fly but for you I'll ever long.
Goodbye sad songs.

Wherever you are-
I am sunshine.
Wherever darkness-
You will light up.
If I don't know how-
Well I will have to show how.
Wherever sunshine, that's where we are.

Tell me have you seen the pictures on my wall?
The past is growing hazy as for you I fall.
So high, together we reverse the wrongs.
Goodbye sad songs.

Wherever you are-
I am sunshine.
Wherever darkness-
You will light up.
If you don't know how-
Well you will have to show how.
Wherever sunshine, that's where we are!

So goodbye sad songs.
