MONSTER

Verse

I have no one to blame and I had a good intention
For long it felt right, I thought of it perfection but
out of many I had to fly my greatest wish was not to die

Freedom it starts within me I know this much for sure
Been like this from the beginning but I cannot take it
any more

Chorus

The Monster won't stop, gone over the top help me
get away
The Monster wants more my hearts on the floor he
wants to come and play

Verse

Deadly ammo deployed from every direction - Taking
fire but I have one reflection
Innocently I long for a peaceful world I can adore

Freedom it starts within me I know this much for sure
Been like this from the beginning but I cannot take it
any more

Chorus

The Monster won't stop, gone over the top help me
get away
The Monster wants more my hearts on the floor he
wants to come and play

Change up

Do what they say - Do Monsters way - Never be free I
refuse to play
Loose and betray is the Monsters way - Enough
disarray I've been led astray
Do what I say I'm yr Monster - Never be free ill punch
you away
Loose and betray is the way I play - more disarray I
will leave these chains

For out of many I had to fly my greatest wish was no to

die

Chorus

The Monster won't stop, gone over the top help me
get away

The Monster wants more my hearts on the floor he
wants to come and play
