Take a leap of faith...if you want to find out!

We live amongst you  
In the guise of mortal men  
You'll never see us in the crowd  
We only look towards  
What purpose we've been sent  
And wait until the time is now

Take a leap of faith if you want to find out  
Better hold on tight if you want to know how  
Take a leap of faith if you want to find out  
You have been chosen!

Imagine you can tell us all apart  
From prophecy or old wives tales  
Or from the warnings of a singular birthmark  
But these are merely all false trails

Wisdom spat from the whirling chair  
Shaking the bars  
When they stop and stare...at me!!!

Take a leap of faith if you want to find out  
Better hold on tight if you want to know how  
Take a leap of faith if you want to find out  
You have been chosen...now!!!

The faceless followers knelt in prayer  
Near Whited sepulcres and lightly coded software

Freedom of speech  
But we have no voice  
Freedom of spirit  
But we have no choice  
Given no help  
To meet these demands  
Given no help  
It's out of our hands

Never turn around  
Never look behind

Got to turn the water into wine

Take a leap of faith if you want to find out  
Better hold on tight if you want to know how  
Take a leap of faith if you want to find out  
You have been chosen...  
Now!!!
