Intro: 30s music being played through an old record player/turntable. sultry, haunting european music. man's voice, woman singing, phone ringing.

gay paris,  
dangerous place  
if you plan on staying free  
falling in loves  
not logical to me  
no matter how  
there's something in the air  
you can't avoid grieving  
St Germaine - where lovers meet  
let history repeat  
you and me  
in that picture by Monet  
making a promise  
all new lovers say  
this is forever

chorus:  
living a lifetime together  
maybe a thing of the past  
loving can go on forever  
passion's a flower  
you know it won't last  
living a lifetime together  
trapped in a world going fast  
feels like a night in December  
why can't tomorrow just be like today?

me and you  
danced to the music  
few could listen to  
victims of some romantic de ja vu  
we were so sure that we were  
meant to be  
for one another

chorus

end.
