Once again I sit and wonder  
Something I said was so wrong  
You're the one I really need now  
Give me the strength to carry on  
(Catch me where I fall)

There again I'm falling  
Can you here me calling  
I need you with me now

I've just got to get a message to you  
It's only you I want to run to  
I'll do anything I can do  
And I won't stop till I get through

I see myself pretending  
Afraid that I'll fall behind  
When I close my eyes, I feel you  
Your tender touch keeps me alive  
(How do I survive)

When I can't, you say I can  
No one else could understand  
The thoughts I keep inside

I've just got to get a message to you  
It's only you I want to run to  
I'll do anything I can do  
And I won't stop till I get through

I feel so alone, the feeling's so strong  
Your love sets me free, it's where I wanna be  
It's where I wanna be  
Where I wanna be

I've just got to get a message to you  
It's only you I want to run to  
I'll do anything I can do  
And I won't stop until I get through

Got to get a message  
Got to get a message

Message to you, message to you  
Got to get a message  
Message to you, message to you  
Got to get a message
