So I hope this finds you well  
Sun is shining down eastern valley ways  
There's some news I need to tell you  
Give my Mother a kiss  
Tell her I'm ok  
I recall her words  
"If it's too easy  
It never lasts  
I have compromised  
But I'm finally free of the past  
Now I can dance  
Clouds have all disappeared  
Freedom  
I hold so dear  
Cause nobody knows me here  
Though I can only imagine the sadness  
In your eyes  
Please understand  
Now I can dance  
All alone the other night  
I came to realise we'd be friends for life  
It was always meant to be  
For some people the heavens can get it so right  
Like an angel you see  
You have graciously offered a hand  
You'd be so proud of me  
Now I'm finally taking a stand

Now I can dance  
Clouds have all disappeared  
Freedom  
I hope so dear  
Cause nobody knows me here  
Though I can only imagine the sadness  
In your eyes  
Please understand  
Now I can dance  
Now I can dance  
Now I can dance  
Clouds have all disappeared  
Freedom  
I hope so dear

Cause nobody knows me here  
Though I can only imagine the sadness  
you eyes  
Please understand  
Now I can dance  
Though I can only imagine the sadness  
In your eyes  
Please understand  
Now I can dance  
So I hope this finds you well  
Sun is shining down eastern valley ways  
So good  
Be free  
Can dance and laugh and just be me  
So good  
Be free  
The clouds above have disappeared
