I'm gone
My spirit will take me somewhere
I'm gone
I'll be leaving before I get there
I need to see
I can be free inside of me
I'm gone
I know that a heart can be kind if broken
Although it's a door that is always open
I need to breathe
I need to always believe
Every time a tear is falling down like rain
Everything that burns inside me still remains
Yeah and it's true, my colour is blue
But I know what I've got to do
I'll carry on until the right one comes along
I'm gone
Inside
I'm a million different rainbows
I won't hide
'Cause my light will shine through the shadows
I'm gonna breathe
I'm gonna always be me
Every time a tear is falling down like rain
Everything that burns inside me still remains

Yeah and it's true, my colour is blue
But I know what I've got to do
I'll carry on until the right one comes along
I'm gone
I wake up in the middle of the night
Cold sweat 'cause I lie here thinking of you
I hope to god I can see the light
No matter what, I'm gonna get it right
Every time a tear is falling down like rain
Everything that burns inside me still remains
Yeah and it's true, my colour is blue
But I know what I've got to do
I'll carry on until the right one comes
I'm gone
Oh yeah, baby I'm gone
Yeah and it's true, my colour is blue

But I tell what I've got to do
I'll carry on, until the right one comes along
I'm gone
Baby I'm gone
I'm gone
