Believe me baby  
You make me feel good  
You make me feel good

What everybody tells me  
I'm gonna ruin the day  
But I'm just too hung on you baby  
To stay away

Maybe I'm in love and that shouldn't be  
Maybe I don't know what's good for me  
But when you raise your eyes and look that look  
I wanna rip out all the pages in my love book

All I wanna do is be with you  
You make me feel good  
All I wanna see is you with me  
You make me feel good

Well I can hear a whisper  
When we go by  
>

Hey, hey  
Let them talk all day if they want to  
That's not gonna change what I feel for you  
Cause when you pull me close and kiss that kiss  
I feel like I've been hit by a ton of brick  
All I wanna do is be with you  
You make me feel good  
All I wanna see is you with me  
You make me feel good

Baby you can call me on the line  
I'll come running over anytime

All I wanna do is be with you  
You make me feel good  
Feel good  
Believe me baby  
You make me feel good  
You make me feel good

You make me feel so good  
Oh yeah

When you raise your eyes and look that look  
I wanna rip out all the pages in my love book

All I wanna do is be with you  
You make me feel good  
All I wanna see is you with me  
You make me feel good

Baby you can call me on the line  
I'll come running over anytime

All I wanna do is be with you  
You make me feel good  
All I wanna see is you with me  
You make me feel good
