If I could get over you
then I could get away from here
it's such a lonely place
I only have myself to blame
and if I make it through
the wasteland of my mind
maybe then I'll find a way
to find a brighter day

But I'm just killin' time
since you went away
all I have are memories
and every day they fade
I'm the love you didn't want
the love that couldn't reach
I reminisce on every kiss
and I'm just killin' time

Thought that I could change your mind
but some things can never be
and so our story ends
if only we could be friends
and though you're far away from home
I feel every breath you take
you're livin' deep inside of me
and I just can't be freed

But I'm just killin' time
since you went away
all I have are memories
and every day they fade
I'm the love you didn't want
the love that couldn't reach
I reminisce on every kiss
and I'm just killin' time

Where are you now?
Where are you now?

I'm just killin' time
since you went away

all I have are memories
and every day they fade
I'm the love you didn't want
the love that couldn't reach
I reminisce on every kiss
and I'm just killin' time
