So you found yourself another toy  
Some poor mother's only pride and joy  
And you took her in your arms  
And showed her love, love love  
Yes, you took her in your arms and showed her love  
Now one day that poor girl's gonna see  
That this new love she's found could never be  
Cause you use and abuse her  
Turn around and loose her  
And she'll be just another toy like me

You gonna reap what you sow  
Gather all you grow  
Roll the dice, pay the price  
That's the way loves goes  
You gonna reap what you sow  
Gather all you grow  
Sow the seed of love  
And then you watched them grow

Repeat  
Repeat
