It doesn't matter where you've been ? how far
It doesn't matter how run down you are
Or if there's nothing perfect left in your heart
No, it all means nothing, it all means nothing
It all means nothing at all, at all

I've told you every selfish lie I know
I've taken falls from dizzy heights - I've let go
But there is a simple truth to find below
Where it all means nothing, it all means nothing
It all means nothing at all, at all

I'm on the edge for you
Losing my head for you
I'm in the red for you
Tonigh, tonight
Until my hopes fall through
There's nothing else I can do
I'm in the red for you
Tonight, tonight
I'm on a rescue

Love is a thousand shades of grey ? and we know
There's not a safe or certain way to go
But when we've seen all, uneasiness and hate, it will
show
That it all means nothing, it all means nothing
It all means nothing at all, at all

I'm on the edge for you
Losing my head for you
I'm in the red for you
Tonigh, tonight
Until my hopes fall through
There's nothing else I can do
I'm in the red for you
Tonight, tonight

Until my hopes fall through
There's nothing else I can do I'm in the red for you
Tonight

I'm on a rescue...
