Do you ever get the feeling
There's something here you're not catching
A spider web of meaning
That you could never imagine

Do you ever get the feeling
That you're still a passenger in a, a hit-and-run car
Going nowhere but far from the accident
Me, I often get the feeling that things are not how I
imagine

There's something behind the walls
These walls, these walls
Hidden behind the walls
There's something behind the walls
These walls, these walls
Hidden behind the walls
There's something behind the walls

Do you ever get the feeling
You're everybody's misunderstanding
It's like you're calling up the ceiling
And it's these walls that keep answering

Do you ever get the feeling
That you're a, a mystery
You're a, a secret so deep
Even you can't perceive what's really happening
Me, I often get the feeling I'm a big misunderstanding

There's something behind the walls
These walls, these walls
Hidden behind the walls
There's something behind the walls
These walls, these walls
Hidden behind the walls
It's hidden behind the walls

There's something behind the walls
These walls, these walls
Hidden behind the walls
There's something behind the walls

These walls, these walls
Hidden behind the walls
It's hidden behind the walls
