You sit by the window
Watching the wind blow his childish affection
In every direction
He screams when you whisper
Laughs when you cry
But this voice inside you
Keeps you from asking him why

You wanna see how far he'll take it
Shine as you come to heel
You wanna see how long you can fake it
Knowing you'd better

Watch your tongue now girl
Watch your tongue now girl
Watch your tongue now girl
I bet you'd look real pretty
If you'd lay off the self-pity
Watch your tongue now girl

I like to disturb you
I like to dig into your meaningless phrases
Your various faces
I love to talk dirty
I love to make fun
But it's hard when I'm staring into the barrel of your
gun

I wanna see how far I can make it
Shine as I come to heel
I wanna be someone, I won't fake it
And don't you tell me

Watch your tongue now girl
Watch your tongue now girl
Watch your tongue now girl
I bet you'd look real pretty
If you'd stop trying to be witty
Watch your tongue now girl
And let the boys...

I can't keep quiet...
