[Verse 1]

I had a feeling
Cause you're not calling
You say no
But people been talking
Followed you around the block
Saw her, she ain't even hot
At first I was sad
At first I was crying
And then I got mad
And I started buying
Feels good, swiping your visa
Louis, Gucci, flight to Ibiza
I left you a note
Letting you know you're broke

[Chorus]

Who's got your money now
Who's got your money now
Who's got your money now
Me, me
Who's got your money now
Who's got your money now
Who's got your money now
Me, me
Look at me here I go
Spending all of your dough
Who's got your money money
Money.
Who's got your money money
Money.

[Verse 2]

It's hard to believe
How much I did for you
Everyone knew how much I adored you
But that's that and I ain't lookin back
Moving on in a brand new Cadillac
Can't stop, my heart still has a crack
Still shouldn't, but all your cards are maxed
Bought everything that I ever wanted
Diamonds, man I'm just getting started

Spent all your stocks and bonds
I got you social from your mom

[Chorus]

So who's got you money now
Who's got your money now
Who's got your money now
Me me

Who's got your money now
Who's got your money now
Who's got your money now
Me me

Look at me here I go
Spending all of your dough
Who's got your money money
Money.
Who's got your money money
Money.

[Bridge]

He broke my heart
So I took his money
Yea, it may seem funny but
M.o.n.e.y

For all the times that he made you cry
He broke your heart
Girl go get that money
Yaaa, Green cash money
M.o.n.e.y

Found the dough you were hiding in the tin can
Flew to Vegas with the girls for the weekend
Finally, my heart is starting to mend
Money now
Money now
I'm feeling better now
Ohh ohh

[Chorus]

Cause whos got your money now?
Mee mee

Who's got your money now
Who's got your money now
Mee mee

Who's got your money now
Who's got your money now
Who's got your money now
Mee mee

Look at me here I go
Spending all of your dough
Who's got your money money.
Money.

Who's got your money money.
Money.
Who's got your money money.
Money.
Money. money. money. money.
