I want to tell all of you  
That ain't doin' nothin' for me and can't do nothing for  
me  
You should tend to your business and leave mine alone  
Because as far as this man is concerned

I wanna tell ya he's mine  
(You've been a fool too long)  
Now let me tell ya he's mine  
(Wake up and he's gone)

Yeh yeh yeh yeh yeh yeh yeh yeh yeh  
(We know how you feel)  
Yeh yeh yeh yeh yeh, he's mine  
(But is it love for real)

I'm not ashamed  
(Poor fool)  
'Cause he's my man  
(Says who?)  
And he's mine  
(You've been a fool too long)

Now listen  
This man is mine, he's my every thought  
I'd give him Prussia if it could be bought  
I'm not ashamed of nothing I do  
I'd guide a missile if he told me to

'Cause he's mine  
(Poor fool)  
I know he's mine  
(Says who?)  
The man is mine  
(You've been a fool too long)

And listen  
If I make my bed hard, that's where I'm gonna sleep  
You people talking means nothing to me  
I work my fingers right down to the bone  
Doin' the things to please him right or wrong

'Cause he's mine  
(Poor fool)  
I know he's mine  
(Says who?)  
The man is mine  
(You've been a fool too long)

Ohh, he's mine  
(You've been a fool too long)  
And let me tell ya he's mine  
(Wake up and he's gone)

Yeh yeh yeh yeh yeh yeh yeh yeh yeh  
(We know how you feel)  
Yeh yeh yeh yeh yeh, he's mine  
(But is it love for real)

I'm not ashamed  
(Poor fool)  
'Cause he's my man  
(Says who?)  
And he's mine  
(You've been a fool too long)

And listen  
I'm with my man in every way  
Don't keep him hoppin' each and every day  
I'll never hurt him or make him frown  
I'm with my man if he's up or down

'Cause he's mine  
(Poor fool)  
I know he's mine  
(Says who?)  
The man is mine  
(You've been a fool too long)

Ohh, he's mine  
(You've been a fool too long)  
Now let me tell you he's mine  
(Wake up and he's gone)

Yeh yeh yeh yeh yeh yeh yeh yeh yeh  
(We know how you feel)  
Yeh yeh yeh yeh yeh
