Chorus 1:

MotoLyrics

There's something special about you When it comes to you there's something special There's something special about love I swear to God it comes from heaven up above You make me feel like no one else before You make me wonder how easy it is to love You make me wonder how easy it is to love.

There's something special about a kiss It makes me want no other lover 'Cause you make me feel like this When you're away I want no other.

I never found what I was looking for I got to wonder if no star would ever shine I can't explain it but somehow deep inside I always knew that when it did I'd recognise you.

Chorus 2:

There's something special about you When it comes to you there's something special There's something special about love I swear to God it comes from heaven up above.

Now I know what I've been doing here Now I know what it's all about 'Cause in your arms is where I wanna be In your arms is where I always wanna be, 'cause.

Chorus 3:

There's something special about you When it comes to you there's something special There's something special about love I swear to God it comes from heaven up above.
