One can have a dream, baby  
Two can make the dream so real  
One can talk about living love  
Two can see how it really feels

One can wish upon a star  
Two can make a wish come true  
One can stand alone in the dark  
Two can make the light shine through

It takes two, baby  
It takes two, baby  
Just me and you  
You know it takes two

One can have a broken heart  
Livin' in misery  
Two can really ease the pain  
That's a perfect remedy

One can be alone in a bar  
Like an island here all alone  
Two can make just any place  
Seem just like being at home

It takes two, baby  
It takes two, baby  
Just me and you  
You know it takes two

It takes two, baby  
It takes two, baby  
Just me and you  
You know it takes two

It takes two, baby  
It takes two, baby  
Just me and you  
You know it takes two

One can go out to the movies  
Looking for a special treat

Two can make that scene in the movies  
Something really kinda neat

And one can take a walk in the moonlight  
Thinking that's it's really nice  
But two lovers walking hand in hand  
Is like adding just a pinch of spice

It takes two, baby  
It takes two, baby  
Just me and you  
You know it takes two

It takes two, baby  
It takes two, baby  
Just me and you  
You know it takes two
