Why don't you come out?
The guards have gone,
They forgot their purpose
And shuffled along
So come feel the sun.

Why don't you come out?
The dogs lie sleeping
Their limbs they twitch with the chase in their dreams
So come feel the sun.

Why don't you come out
And exact your revenge
On the liars and wasters
That call themselves friends
For to forgive is overrated
It's their need that you feed
So come feel the sun.

Why don't you come out?
We all miss you
Your wife and babies
They just want to hold you
So come feel the sun touch your face,
Make everything the same as it was.
