angels are priced so devels cant afford them  
maybe 'cos im young black rich and the rest of it  
maybe 'cos where doing jay-z and now where working  
it

really trying ever so hard but they cant rided this  
next way next stage they wont level this  
stop all the rumours i aint playin mind games  
intruders staring into my lane (my lane)  
this might be the price of fame or maybe they just hate

i wont ever i wont ever know  
maybe 'cos i listen  
maybe 'cos i glow  
maybe they be fixing  
maybe 'cos theyre broke  
maybe 'cos im missing  
i i'll be unlisted  
i wont ever i wont ever i wont ever know  
telling me is blatent telling me shows  
never doing satin i got a halo  
let me be a victim look right kissin  
let me on lock-down let me be on hold

yeah so let me roll  
none of this is fiction nothin like a show  
yeah i wanna know  
i wont ever i wont ever i wont ever know

why they question my life in the fast lane  
no wonder they put some gossip next to my name  
hating them closer im laying them not far  
maybe 'cos my dress codes the opposite of cocaine  
(black)  
why you staring at my videos on youtube  
my attitude stinks nothin i cant handle  
'cos i spend it like money when i come through  
take in the fumes snease then ill bless you (bless you)

this is what the lime light brings us safe  
maybe 'cos where shinging then busting away  
it might be the price of fame or maybe its just hate

i wont ever i wont ever know

maybe 'cos i listen  
maybe 'cos i glow  
maybe they be fixing  
maybe 'cos theyre broke  
maybe 'cos im missing  
i i'll be unlisted  
i wont ever i wont ever i wont ever know  
telling me is blatent telling me shows  
never doing satin i got a halo  
let me be a victim look right kissin  
let me on lock-down let me be on hold

yeah so let me roll  
none of this is fiction nothin like a show  
yeah i wanna know  
i wont ever i wont ever i wont ever know
