Take me  
Take me to your darkest room  
Close all the windows and bolt all the doors  
From the first moment I heard your voice  
I'll be in darkness no more

Take me to your most barren desert  
A thousand miles from the nearest sea  
The very moment I see your smile  
It was like heaven to me

There's not a mountain too rocky to climb  
No desert too barren to cross  
Darling if you were to show me a sign  
Of love I could bear your loss

Take me to Siberia  
The coldest weather of any wintertime  
And it would be just like spring in California  
As long as I knew you were mine

Take me 4x
