### Verse 1

Yo, if i reach a boiling point  
roll me a joint.  
heads or tails, let me toss my coin.  
If it lands on tails then im bringing em' hell.  
Beating them pussies straight to the plan.  
Nah they wont let me in, so i open them up, let the  
surgery begin.  
Then i worked even harder, 100%, and they liking the  
way that i grind everything.  
I try to be nice at first, politely knocking all light at first,  
now im raging and whats worse, lot of things stopping  
me on this earth.  
So please dont try and play hero  
im freezing minus 0  
im taking off my halo  
so whos to blame im turning cold.

### Chorus

I feel like forever i been waiting  
im coming in im running out of patience  
Im feeling like forever i been waiting  
they left me here but still i keep on chasing  
thats why i let em' know its a warning, only get one  
warning, its a warning, thats why i let em' know its a  
warning, only get one warning, its a warning, thats why i  
let em' know.
