I'm a tortured soul
An ever-growing black hole
Take away my peace of mind
Rolling rock my astro sign

(Chorus)
Play my adolescent game
Bitch or slut, it's all the same
Teen pride envelopes my brain
I'm a shelf "stocked, lickable candy cane"

Carbon copy of my age
Generation X is my cage
Family laughs at my tears
What have I become in such few years

(Chorus)
Play my adolescent game
Bitch or slut, it's all the same
Teen pride envelopes my brain
I'm a shelf "stocked, lickable candy cane"

I'm a tortured soul
An ever-growing black hole
Trend is my middle name
I advertise others' fame

(Chorus)
Play my adolescent game
Bitch or slut, it's all the same
Teen pride envelopes my brain
I'm a shelf "stocked, lickable candy cane"
