Always though there was time  
To sit, relax and talk  
But now it's you who I'll never find  
No more talk, just lonely walks  
I was stubborn and it's too late  
To tell you how much I care  
I cure God and the rule of fate  
It proves again that life isn't fair

(Chorus)

Wish I could go back in time  
Undo the deed, undo the crime  
Wish I could take away the pain  
Wasn't time to go and end the game

We laughed and played pretend  
We were the stars of the show  
But this is a dream, I wish would end  
The star had faded and lost its glow  
You weren't perfect but proud  
If you wished you could touch the sky  
Rules were things you wouldn't allow  
And you weren't one to say goodbye.

(Chorus) x2

Wish I could go back in time  
Undo the deed, undo the crime  
Wish I could take away the pain  
Wasn't time to go and end the game

I don't understand why you were chosen  
I don't think it's fair  
Our relationship is frozen  
How I wish I could've been there

(Chorus) x2

Wish I could go back in time  
Undo the deed, undo the crime  
Wish I could take away the pain  
Wasn't time to go and end the game
