There was no way out, the only way out was to give in
There was no way out, the only way out was to give in
How I love to give in

Here no one sleeps, one lays up while the other lies
down
Where no one sleeps, one lays up while the other lies
down
Ask the line on your face what the line on your hand
meant
We couldn't see what was coming

Shake your head it's empty
Shake your hips move your feet
Shake your head it's empty
Shake your hips move your feet

I'm so glad that I'm an island now

Sickness was fixing me some
Coughed out my heart in the last stall
Now that the damage is done
I never miss it at all
