I met a lady; she took me for a long hard drive;  
I hardly knew her, but she really, really hurt my pride  
Now all day waitin' for my cell to ring and all she gives  
me are the songs that I sing  
Little girl, you put me in a real bad way

When I want to find her, I go to a real bad part of town  
When I want to see her, it's mighty hard to pin the  
woman down  
I got a problem with her attitude; one day she needs  
me then it's some bad excuse  
Little girl, you put me in a real bad way

**INSTRUMENTAL**

What's really on my mind, it's how I got to put the girl  
down  
But how do you lose somethin' you haven't even ever  
found  
I walk the floor both night and day; I'm startin' to hate  
myself for feelin' this way  
Little girl, you put me in a really bad way  
Little girl, you put me in a really bad way

**INTRUMENTAL TO END**
