I'm in this room, been played by
A fool. baby why did u do that?
I'm left alone, with no-one to hold.
Yeah, baby your gonna get paid back
I helped you, but all you do is treat
Me wrong, I knew along, that you werent
The one I love, so long.

At the park, at the movies, everywhere
I see us together oh eah eah. at the dance
At the pools even at school! when your
Lips touch mine it feels like a love sign.
But now, were just quiet, no staring
I was just preparing to say sorry, but now
I'm worried that it might ruin everything.

Take your time, and say it out! baby, I'm
Sure everything that you say will
Make me blind, I thought you were the
Type, the type that make me smile
Till the day I die! oh

At the park, at the movies, everywhere
I see us together oh eah eah. at the dance
At the pools even at school! when your
Lips touch mine it feels like a love sign.
But now, were just quiet, no staring
I was just preparing to say sorry, but now
I'm worried that it might ruin everything.

Happy ever after, a love story
A small fairytale, becomes everything
You & I oh, I can't help it, I can't
Take this anymore, so don't you bother
What you see

At the park, at the movies, everywhere
I see us together oh eah eah. at the dance
At the pools even at school! when your
Lips touch mine it feels like a love sign.
But now, were just quiet, no staring
I was preparing to say sorry, but now

I'm worried that it might ruin everything.
At the park, at the movies, everywhere
I see us together oh eah eah. at the dance
At the pools even at school! when your
Lips touch mine it feels like a love sign.
But now, were just quiet, no staring
I was preparing to say sorry, but now
I'm worried that it might ruin everything.
