Mails, been piling up my wall
Fail, I've been failing to get to you
Trail, been taking each step to the finish line
Crush, can't you see I have a big crush
Rush, I try to rush to you for you to notice me
Hush, just don't speak

All I need is time, to climb, subline
Rewind. all I need is touch, so much
As such. I can do way much better
If you only see the real me, is easy
As singing abc, I can't set me free
Cus' your love is all I need, we can
Go together to tennessee, or do you
Disagree with me.

Try, I try to not stare at you but that's all I can do
Why, you treat me like a dirtbag, I just wanna raise that
flag
At night, I imagine your own light
I'm not bothered anymore, so I'm not up for the fight.

All I need is time, to climb, subline
Rewind. all I need is touch, so much
As such. I can do way much better
If only you see the real me, is easy
As singing abc, I can't set me free
Cus' your love is all I need, we can
Go together to tennessee, or do you
Disagree to me.

People come around and go in our lives
So it's gonna take us some time to survive
Life is full of junk and lies, are you suprise
Everyday I imagine people, why they are so
irresponsible
Words can't really explain anything. that's I am here
singing.

All I need is time, to climb, subline
Rewind. all I need is touch, so much
As such. I can do way much better

If only you see the real me, is easy
As singing abc, I can't set me free
Cus' your love is all I need, we can
Go together to tennessee, or do you
Disagree to me.
