Don't you go
Away from that window tonight
Cos I swear
That I sympathise with you dear

So strange
How you enjoy my pain
When I can only
Endure you

You gonna leave your clothes
Just scattered around like a plague
As she slides
So gracefully next to you
Just don't try to stop her now

Cos you'll go and lose
Oh
What you got
Oh, what you got
Oh, and, and,
So the way we don't talk any more
Oh any more

Just how long
Do I need to be beside you?
I still blame it all on you
Cos you know where I
Need to be
Oh need to be

I still blame it all on you
She knows where I
Need to be
Need to be
Oh
