Hey

As the say breaks all is quiet inside
And as the wind blows in the hall outside
And that was dull enough for you
So you skipped this life

Flattened grass under the blanket by the stream (ba ba
ba ba ba ba)

Fallen foods come for the cheap ice cream (ba ba ba
ba ba ba)

Oh boy

I'll miss you baby love, every now and then

Ill miss you baby love every now and then

Hey

Open window that lets the cold air in (ba ba ba ba ba
ba)

But on my pillow the diaries paper thin (ba ba ba ba ba
ba)

And that was dull enough, oh boy

Ill miss you baby love every now and then

Ill miss you baby love every now and then

oh

I'm burning that old den

We're burning that old den

Oh oh

Burning that old den

Where are you?

Where are you?

Ill miss you baby love every now and then

Ill miss you baby love every now and then

Ill miss you baby love every now and then

Ill miss you baby love

Ill miss you baby love

Ill miss you baby love every now and then
