Far
Across the world
In outer space
Not of these times

Into
Fill the sky
Around the bed
Into the endless night

I know I
Wont be so far
Behind you when you die

And the morning of the mango tree
Of the leafless branch
Lays in your empty bed
And the falling of your dream
It brings a death to all
With no end in sight

I know I
Wont be so far
Behind you when you die

Oh

Its the evening of the lonely moon
Of the talking heads
And the final try
And the scene must fade to black
Yeah it goes from up to down
Oh it goes from hot to cold

I know I
Wont be so far
Behind you when you die

I know I
Wont be so far
Behind you when you die
Behind you when you die

Behind you when you die
