"After The Fall"

We skipped class that day
I guess our heads needed a break
But our bodies stayed busy
I know that you still miss me

I give and you take it
Two summers spent wasted
Should we give up or save it
Will this make sense at all
After the fall

After the fall
We faded I'm freezing
After the Fall
We had it all
Now I'm barely breathing

Did you have to turn your back
If it ever didn't last
Two years and six months
Have you even looked back once?
Your body felt like summer
But we spent the fall apart
And we'll know by December the cold could remember

I give and you take it
Two summers spent wasted
Should we give up or save it
Will this make sense at all
After the fall

After the fall
We faded I'm freezing
After the Fall
We had it all
Now I'm barely breathing

I miss you
Is it still okay to say it
I miss you
I know that it's too late but

They all stay in to hide the seasons
Feel the same for different reasons
Were lost and broke but I prefer it
What used to be is so discouraged

I give and you take it
Two summers spent wasted
Should we give up or save it
Will this make sense at all
After the fall

After the fall
We faded I'm freezing
After the fall
We had it all
Now I'm barely breathing
