

Metric "Down"

Visit "[Down](#)" on MotoLyrics.com

I wondered if you could come and help me,
I want to get from here,
To there.

I wondered if you could come and help me,
I want to get from here,
To there.

I saw your face look
Down to mine,
I only hope that you're alright.
I know you think it's always think you who
Needs some time alone,
Needs some time alone,

To feel *I wondered if you could come and help me*
down.
*I want to get from here
To there.*

To feel *I wondered if you could come and help me*
down.
*I want to get from here
To there.*

After tonight another day,
A chance to feel a different way,
The sun is slowly changin' size still,
Sorrow in your eyes,
Sorrow in your eyes.

So feel *I wondered if you could come and help me*
down.
*I want to get from here
To there.*
So feel *I wondered if you could come and help me*
down.
*I want to get from here
To there.*

Heavy hearts swing low,
Feel down let go.

So feel *Feel down let go* down.
*I want to get from here
To there.*

So feel *Feel down let go* down.
*I want to get from here
To there.*

Feel *Feel down let go* down.
*I want to get from here
To there.*

So feel *Feel down let go* down.
*I want to get from here
To there.*

I wondered if you could come and help me
