Oh I live it out  
Oh I live it out  
Oh I

On the day we were supposed to leave  
You changed your mind at the station  
You had a nice apartment  
There was a good bar downstairs  
Your old friend worked there

I'll go anyway, I'll go anyway  
They won't refund the ticket  
Well it's a good story

But I don't want to live it alone  
Crash to take a chance  
I wanna live it out  
I know I'm already dead

No concrete adversity  
Only traps of our own actions  
How we wanted it to be  
Now I'm never gonna see you again  
You turned off

Vertebrae by vertebrae  
Roll your way out of a coma  
Look up, the nurse is smiling  
What luck, the nurse is me  
Your old body is dead

Your body's dead  
You're a word instead  
In my sleep I repeat it  
Well, it's a good story

But I don't want to live it alone  
Crash to take a chance  
We were gonna live it out  
Look at you, you're already dead

How will you remember me?

Digging ditches out of boredom  
Said you would never leave  
Now you're never gonna be here again  
You checked out

Oh I live it out  
Oh I live it out  
Oh I
