Don't say yes if you can't say no  
Victim of a system, say it isn't so  
Squatted on the doorstep  
Swallowed on the blow  
Leaving without you, can't say no

Halfway starts with happiness for me  
Halfway house, lost kitten in a street  
Hit me where it hurts  
I'm coming home to lose  
Kitten on the catwalk, high-heeled shoes

No more hotheaded Saturdays  
They got it, they want it, they give it away  
Tell me one thing you would never do  
I was looking for a hooker when I found you

You've got my eyes, you've got my eyes  
You'll never be mine  
But you got my eyes

When you lie  
I cover it up  
When you hide  
I cover it up  
When you cry  
I cover it up  
When you come undone  
I cover it up

So open up I was coming onto you  
Happy in the night-time, howling at the moon  
Sipping on a cocktail, drinking in the loo  
There's something about you that I hold on to

You've got my eyes, you've got my eyes  
You'll never be mine  
But you got my eyes

When you lie  
I cover it up

When you hide  
I cover it up  
When you cry  
I cover it up  
When you blend  
I cover it up

When you lie  
I cover it up  
When you hide  
I cover it up  
When you cry  
I cover it up  
When you come undone  
I cover it up

They got it, they want it, they give it away (x4)

When you lie  
I cover it up  
When you hide  
I cover it up  
When you cry  
I cover it up  
When you come undone  
I cover it up
