(Can you turn it up?)  
Let me lay my eyes  
Let me lay my eyes  
and try to pin it down  
Let me lay my eyes on the painting  
It's hard to put into words  
draw the line.(draw the line)  
draw the line.(draw the line)

Forgetting all you wanted  
you have to ask me for nothing  
You're giving all you want  
you have been asking for nothing

That's right I will try to find a way back  
That's right I will try to find a way back  
That's right I will try to find a way back  
That's right I will try to find a way back  
It doesn't mean anything to you.

It's so obvious at times we try and slide it good  
(it's all right, it's all mine)  
Oh to roll together  
everything we've built inside  
But up I fall  
and nothing  
But up I fall  
and nothing  
Now you're holding them  
and you can't say too much for me  
Then what do you think?  
You've never made it taste that good  
I'll be over soon  
and you'll remember  
you'll remember who showed you  
you'll remember who showed you  
you'll remember who showed you  
you'll remember who showed you
