When ever we get close, every body knows
They can see it in ours eyes
We're nothing but trouble, we just call love old
Our smiles our disguise

Run run take it of
Tell me I've been taken off
I can tell you like that
When you move just like that

Run run take it of
Tell me I've been taken off
I can tell you like that
When you move just like that

Well oh oh hey yeah it's time to play x4

Asking us for reasons
Always wanting reasons
We tell them there are none
Telling us tomorrow isn't very far
Oh can't we just have fun

Run run take it of
Tell me I've been taken off
I can tell you like that
When you move just like that

Run run take it of
Tell me I've been taken off
I can tell you like that
When you move just like that

Well oh oh hey yeah it's time to play x4

Ain't got no money
Ain't got no time
You've got your problems
And I've got mine
But when I'm with you
That's when they'll see

We get together
That's all we need

Run run take it of
Tell me I've been taken off
I can tell you like that
When you move just like that

Run run take it of
Tell me I've been taken off
I can tell you like that
When you move just like that

Well oh oh hey yeah it's time to play x4
