Listen to my message everyone
You've got to raise up your voice in song
And if we all join hands together
We can change this world for the better (for the better)

Peace doesn't have to be a dream [2x]

Your infatuation with segregation
Is making the world cry
You give your thanks when you fill your banks
But the hungry still die

Peace doesn't have to be a dream [2x]

What is the danger in feeding a stranger?
We should not be fighting
We should be uniting
Baddy up baddy up baddy up bah [4x]

Peace doesn't, peace doesn't, peace doesn't,
Peace doesn't have to be a dream [4x]

Listen to my message everyone
You've got to raise up your voice in song
And if we all join hands together
We can change this world for the better (for the better)
