I can't believe what you've done to my head  
I'm falling flat from the skies of red  
Empty streets (are) digging deep in my mind  
Dare not open my eyes for what I'll find

But in the depths of my soul something grows  
A new strength that moves but doesn't show  
I'm weary with sorrow and grief  
But I'm fighting for my painful relief

I don't care for your tricks any longer  
You're just making me even stronger  
But it's killing me that I am losing it  
That I'm losing myself bit by bit

With every step my eyes (are) getting sharper  
Things will never be what they once were  
Forever lost in my own hateridge  
No escape, I've torn down my last bridge
