Remember when we were close friends, it is not hard
for me
I knew I loved you and it was alright, that was all for me
to see ...
The sun was shining and my life was great, I wish it'd
never changed
But then my friends were right and I could feel that you
had all arranged

I' m gonna leave the city, I just don't know when
I know what I gotta do.
I' m gonna leave the city cos of you.

I know so well that I made mistakes, but not only me
When you said that it's my fault I was close to climb
upon a tree.
And wait there til you finished your accuse, I can't hear
it anymore
But it came out like everytime, that's not what I'm
looking for!

I' m gonna leave the city, I just don't know when
I know what I gotta do.
I' m gonna leave the city cos of you.

I never thought that it's so hard, if something is just
tearing you apart
I never would have let her down, but now there's no
more love around!

I' m gonna leave the city, I just don't know when
I know what I gotta do.
I' m gonna leave the city cos of you.

I never thought that it's so hard, if something is just
tearing you apart
I never would have let her down, but now there's no
more love around!

I never thought that it's so hard, if something is just
tearing you apart

I never would have let her down, but now there's no
more love around!

Remember when we were close friends, it is not hard
for me
I knew I loved you and it was alright, that was all for me
to see ...
The sun was shining and my life was great, I wish it'd
never changed
But then my friends were right and I could feel that you
had all arranged

I' m gonna leave the city
I' m gonna leave the city cos of you!
