On the edge of a silent scream  
Somewhere in your thoughts  
(I play my game)  
A jester in the court of pleasure  
Where love is pain  
I laugh as you writhe controlled  
You're the tiger I'm the chain  
Diving deep in the pool of ecstasy  
Swim with me once again

Giving more as you receive  
Till your cup runneth over  
Speak the word and you'll never leave me

Heartbeats race with ravenous fury  
As the tide pulls me in  
(You pull me in)  
Lost in a whirlpool of fantasy  
Close your eyes and the world starts to spin  
Entwined together moving as one  
A motion that is easily swayed  
With a whimper and a shattering scream  
Another wound bleeds from my blade

Giving more as you receive  
Till your cup runneth over  
Speak the word and you'll never leave me

Lord of desire  
Start the fire and dance in it's flame  
Lord of desire  
Taste of blood on my tongue as I bled once again  
To partake of you  
Oh, sweet venom that burns on my tongue  
Kneel before the lord of desire  
All too innocent you fall...  
In my spell of desire

On the edge of a silent scream  
Somewhere in your thoughts  
(I play my game)  
A jester in the court of pleasure

Where love is pain  
I laugh as you writhe controlled  
You're the tiger I'm the chain  
Diving deep in the pool of ecstasy  
Swim with me once again

Giving more as you receive  
Till your cup runneth over  
Speak the word and you'll never leave

Lord of desire  
Start the fire and dance in it's flame  
Lord of desire  
Taste of blood on my tongue as I bled once again  
To partake of you  
Oh, sweet venom that burns on my tongue  
Kneel before the lord of desire  
All too innocent you fall...  
Lord of desire  
Start the fire and dance in it's flame  
Lord of desire  
Taste of blood on my tongue as I bled once again  
Lord of desire  
Start the fire and dance in it's flame  
Lord of desire  
Taste of blood on my tongue as I bled once again
