I am the eyes of night time  
When you gaze into the darkness, I'll be there  
Go ahead and place your heart in my hand  
Take what I need and leave you in despair

Though you turn your eyes  
You can't look away  
You'll be chained to love  
Just like a slave

I'm the master  
Master of disguise  
Painting a beautiful picture full of lies

Come feel the flames of desire  
Taking you down I get my way tonight  
I see some things are hard to swallow  
But a scratch and a scream comes as no surprise

Though you turn your eyes  
You can't look away  
You'll be chained to love  
Just like a slave

I'm the master  
Master of disguise  
Painting a beautiful picture full of lies  
I'm the master  
Master of disguise  
Painting a beautiful picture full of lies  
I'm the master  
Master of disguise  
I can steal your heart, look into my eyes  
I'm the master  
Yes, the master of disguise  
Flowly speak of love, I speak of lies  
The master of disguise

It must be hard to see behind my eyes  
I say my love is true, it's full of lies  
Passion's flame burns for the last time tonight  
So spread your angel wings, we can fly

Though you turn your eyes  
You can't look away  
You'll be chained to love  
Just like a slave

I'm the master of disguise  
Painting a beautiful picture full of lies  
I'm the master of disguise  
Painting a beautiful picture full of lies  
I'm the master of disguise  
I can steal your heart, look into my eyes  
I'm the master of disguise  
Master of disguise  
I'm the master  
Yes, the master of disguise  
Flowly speak of love, I speak of lies  
The master of disguise
