Well I'm afraid of that picture
from 1989
Faded colours and worn out texture
from 1989

Oh my, oh my

Well I've been young and I've been stupid
it's left behind
I regret the things that I did
and I feel fine

CHORUS

We can't go on like this
Go on yourself like this
We can't go on like it's
1989

Oh no, oh my

Well let's go back I'll be your angel
I'll make a deal with time
I don't know if that would change you
or give you a peace of mind

CHORUS

1989 (3 x)

CHORUS

1989 (3x)

Can't go on, no
Can't go on like this, oh no
Can't go on, we gotta move on now
we gotta move on (x2)

Gotta move on now, now
